# Delivering international R&E: Contributions to global collaboration, innovation and transformation

Dr Esther Wilkinson, Head of international, Jisc

## » An overview of Jisc, the UK's national research and education network

- › Strategy, structure and reach
- › Network and technology
- › Jisc, more than just a (Janet) network
- › Jisc pilot project launched October 2017
  - Trust and identity
  - Cybersecurity

## » Transnational education (TNE)

- › TNE definitions
- › UK TNE data
- › TNE in the Middle East
- › Case Study: United Arab Emirates
- › Developing TNE support and services

Jisc is the UK **higher, further education** and **skills** sectors' **not-for-profit** organisation for **digital services** and **solutions**

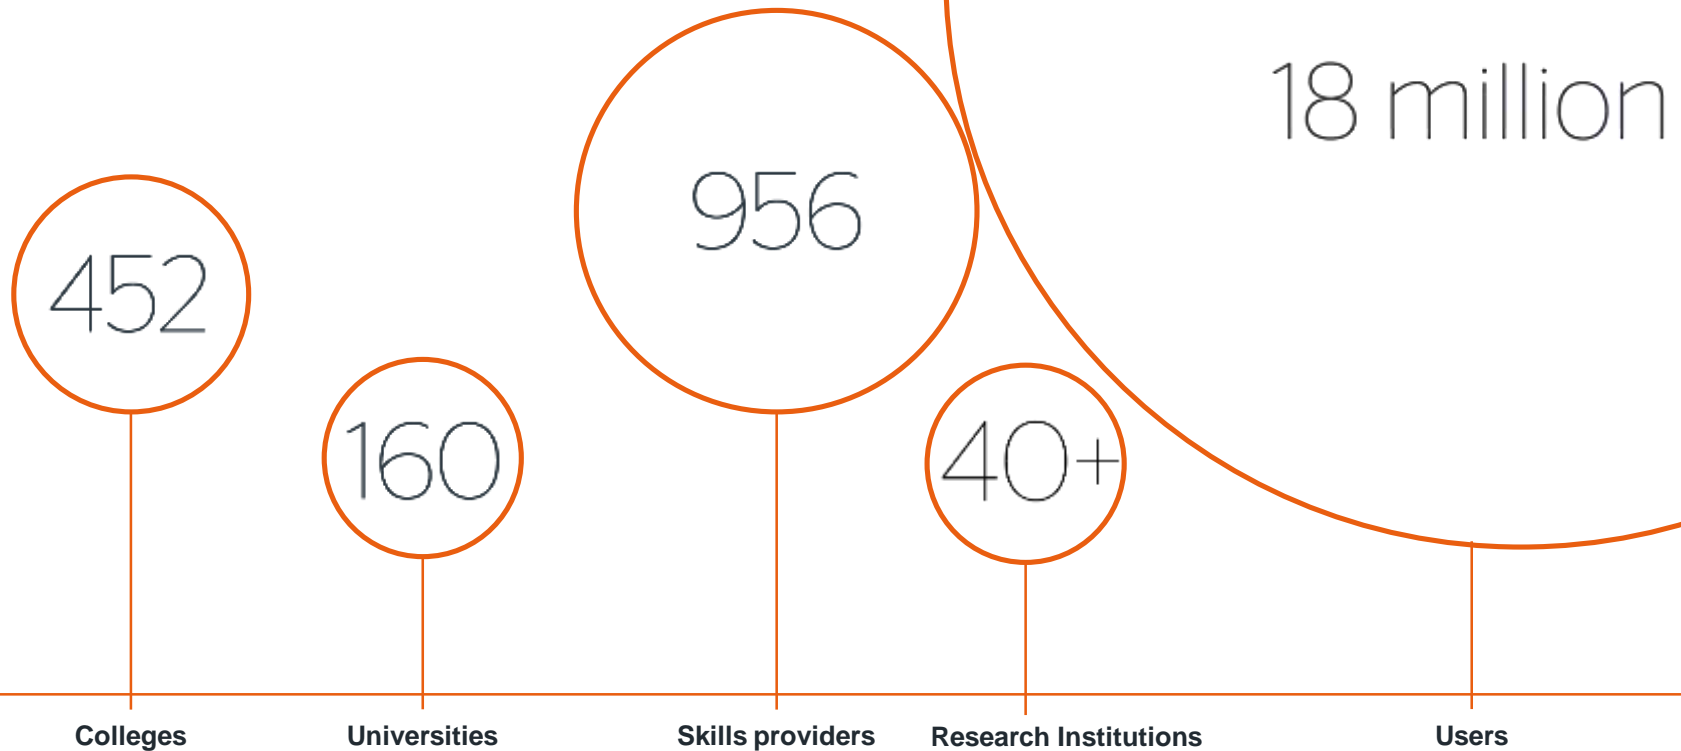

Jisc

We...

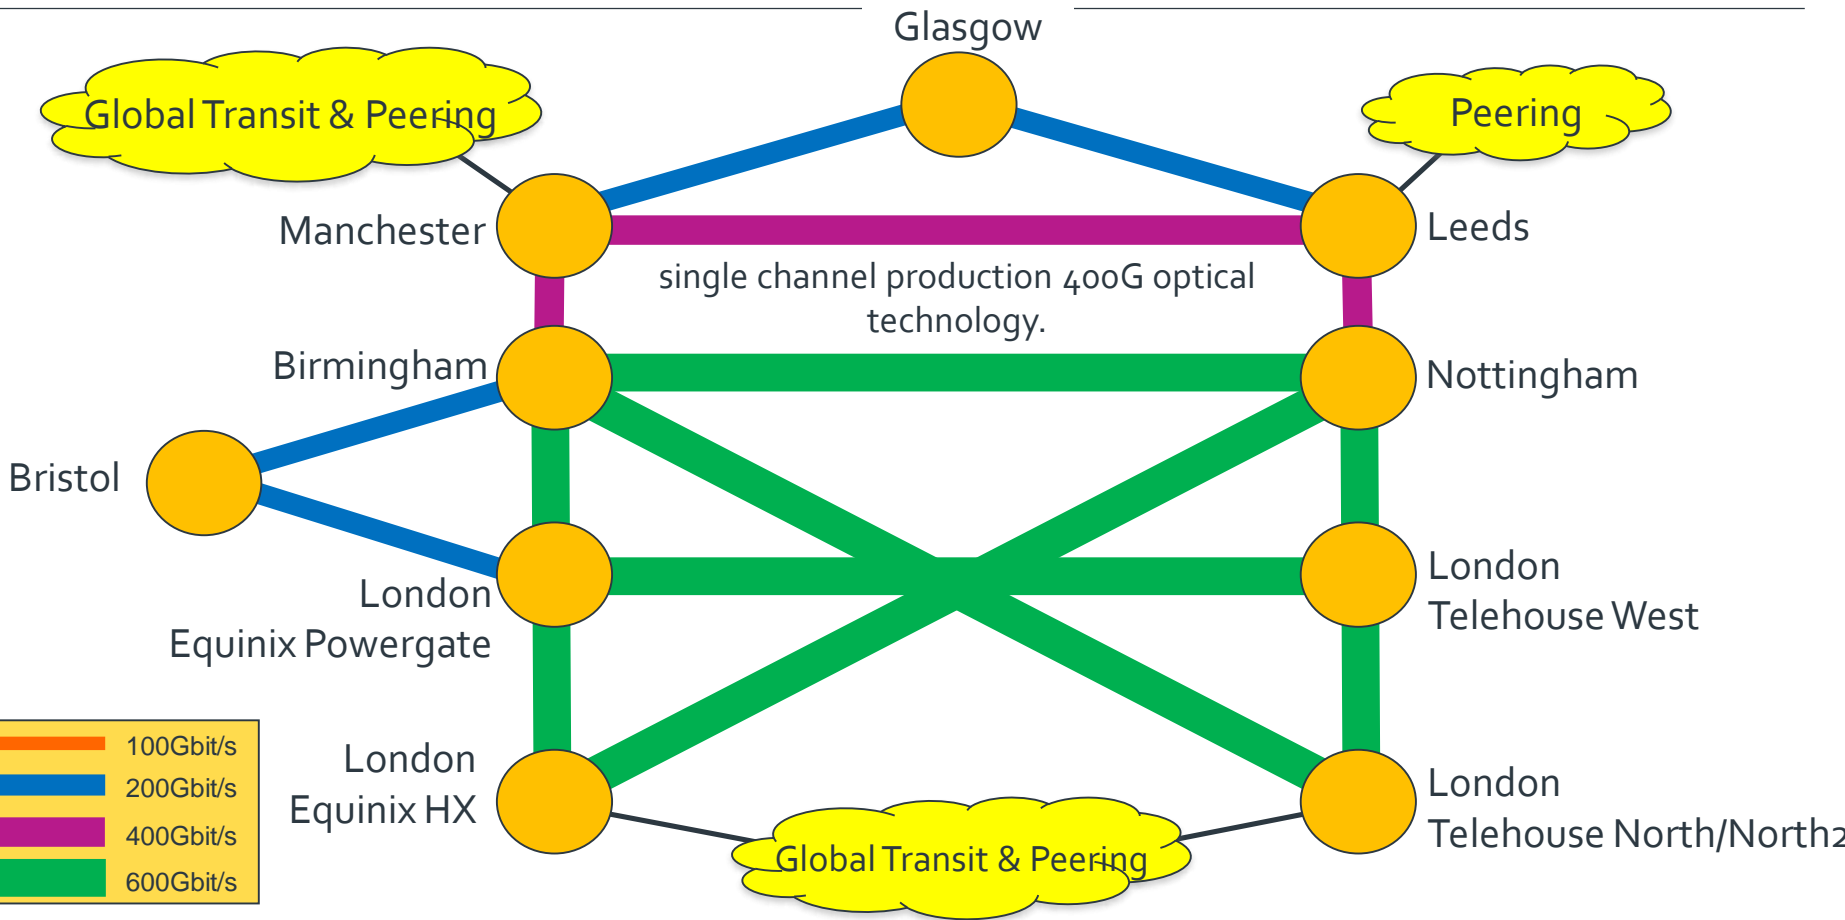

Provide trusted **advice** and **practical assistance** for universities, colleges and learning providers

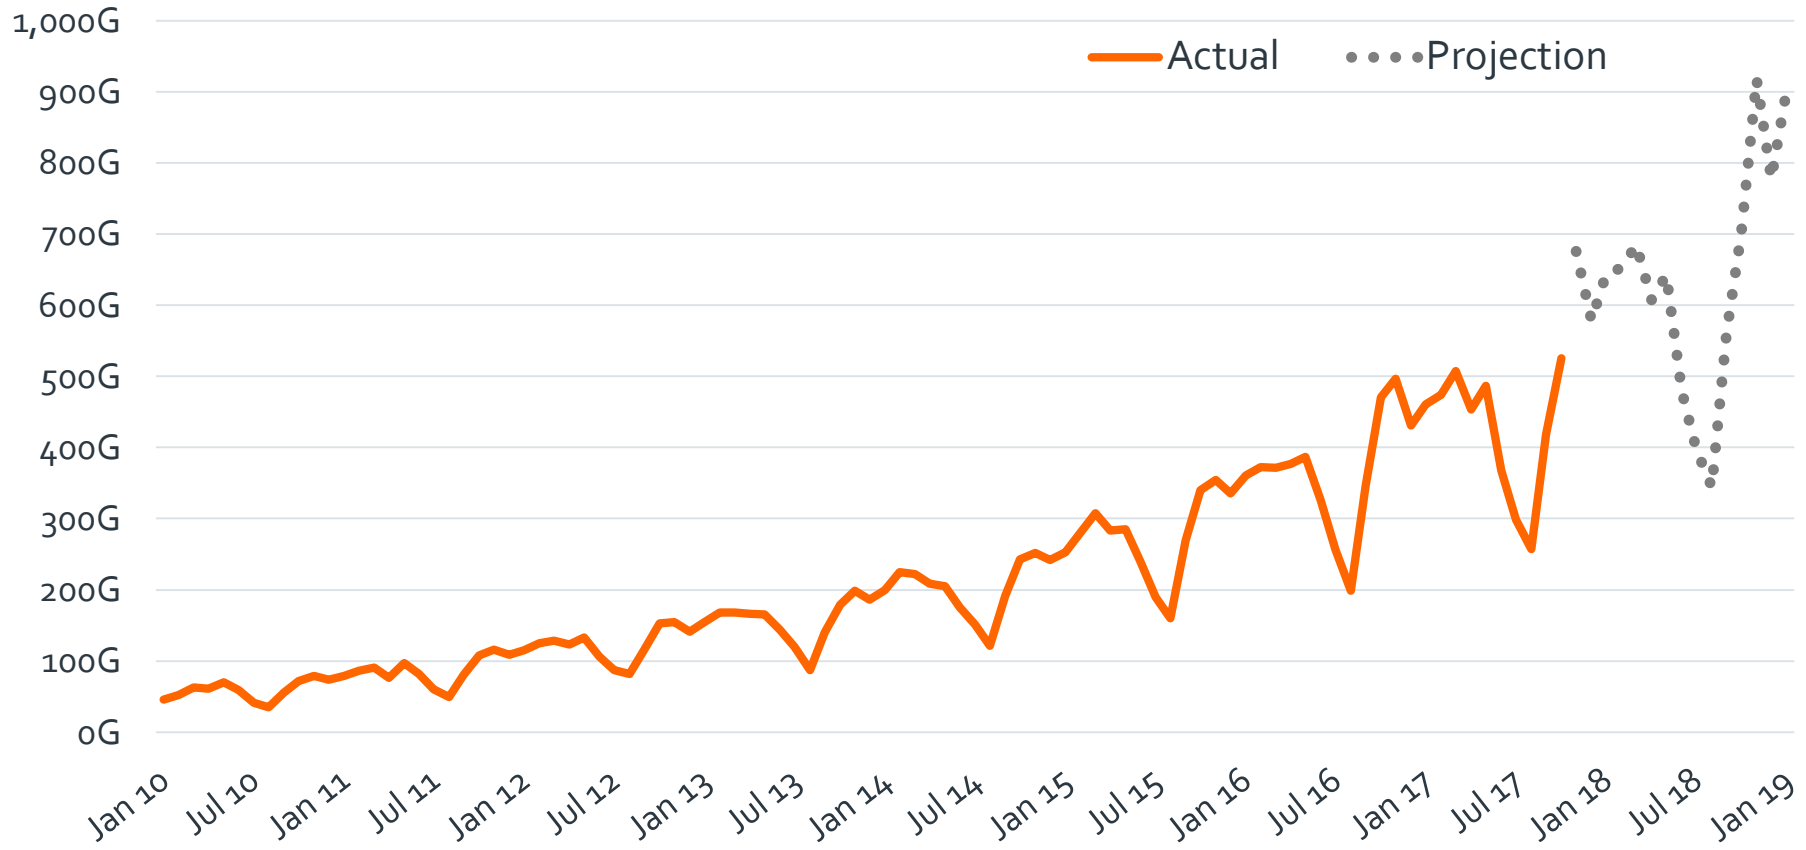

Negotiate **sector-wide deals** with IT vendors and commercial publishers

Operate **shared digital infrastructure** and **services**

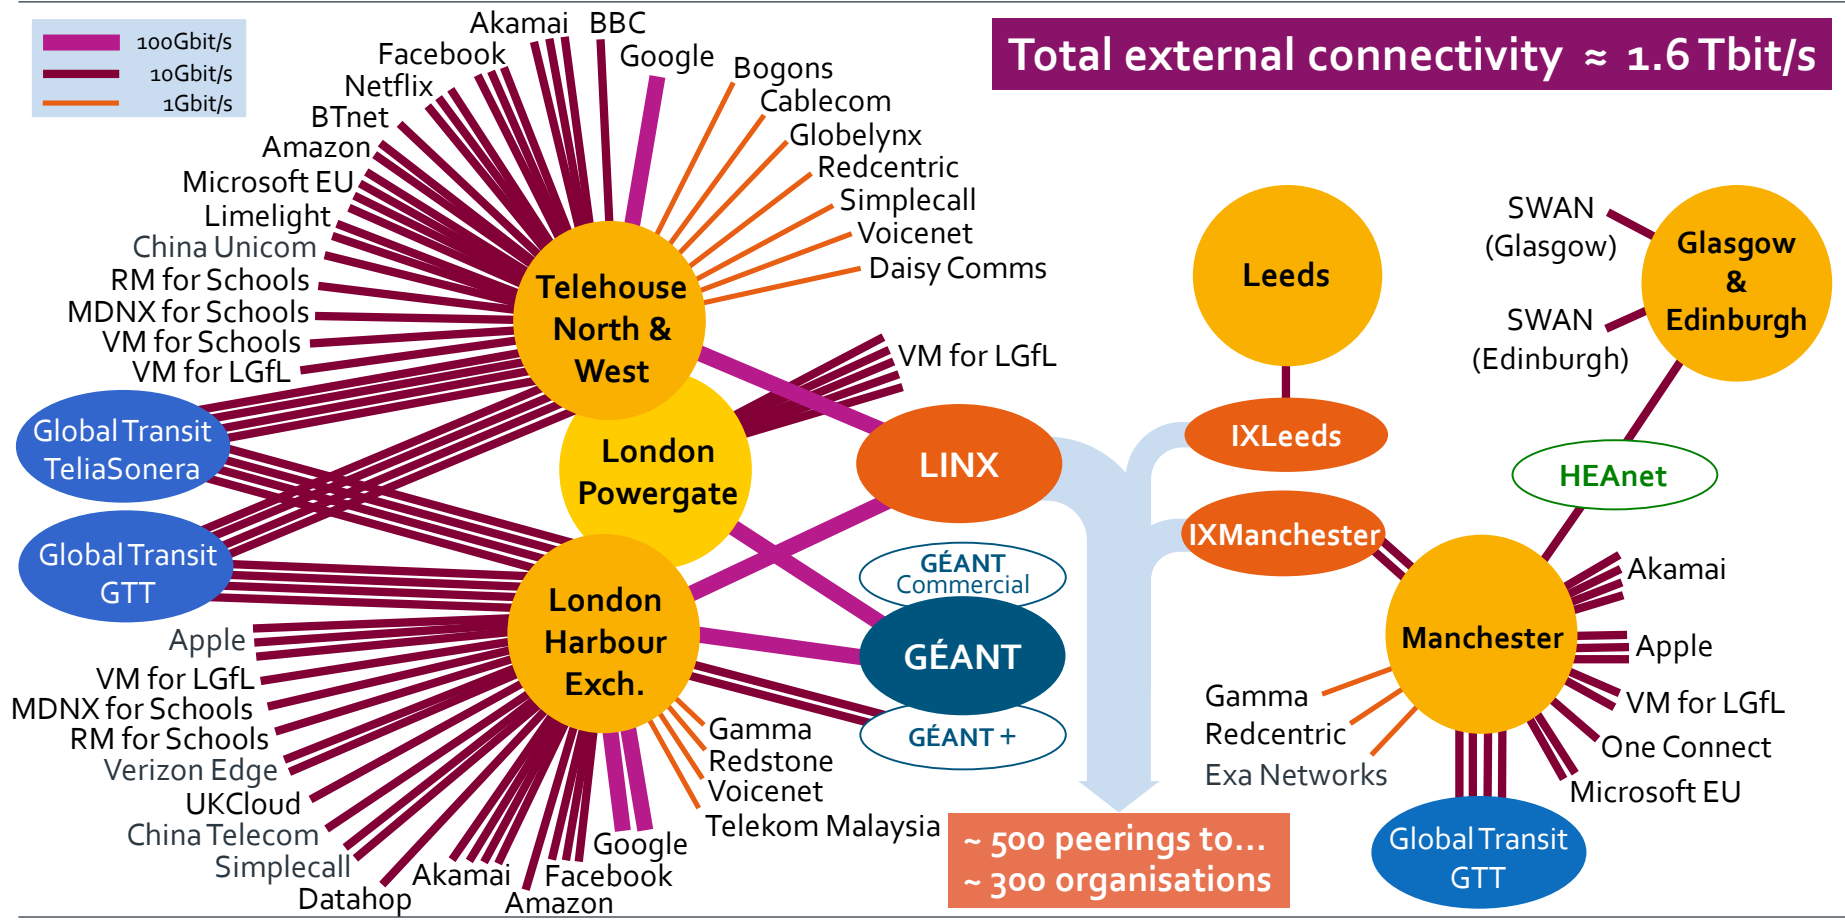

# Janet network: current upgrade

# Janet network: external connectivity

Total external connectivity  $\approx$  1.6 Tbit/s

~ 500 peerings to...  
~ 300 organisations

## » Jisc Technologies

- › Information security
- › **Trust and identity**
- › e-infrastructure
- › Shared data centres
- › **Cyber security**
- › Training

## » Digital Resources

- › Jisc Collections Negotiation Service
- › Open Access Support
- › Library Support and Analytics Services
- › Resource Discovery
- › Digital Content

## » Digital Futures

- › Digital capabilities and student experience
- › Learning analytics
- › Research data shared service
- › The intelligent campus

## » Provide services for Jisc members

- › UK Access Management Federation (web SSO)
- › eduroam (wireless roaming)
- › Certificate (SSL certificates)
- › Assent (non-web SSO)

## » Provide services for Jisc members

- › Managed federation
- › Fully managed service for operating an identity federation
  - ✓ In pilot, you can join! [managedfederation@jisc.ac.uk](mailto:managedfederation@jisc.ac.uk) for more info
- › Liberate
- › Managed service for access management solutions:
  - Identity federation, eduroam, IP Authentication, Moonshot
  - ✓ Production service you can join! [Liberate@jisc.ac.uk](mailto:Liberate@jisc.ac.uk) for more info

## » Penetration testing

- › Evaluate and improve the security of your members' networks by simulating real world attacks
- › Successfully testing Jisc members for a year and can be done internationally too
- ✓ Looking to share experiences and collaborate with other NRENs

## » DDoS mitigation services

- › Defend your customers against Denial of Service attacks
- › Defending our members' networks for the past 30 years
- › Finding things that can help domestically and globally
- ✓ Looking to do a pilot with Jisc – we can help

» <https://www.jisc.ac.uk/network/security>

## What is transnational (or cross-border, borderless, offshore) education?

- » **Transnational education (TNE)** is the mobility of higher education programmes and institutions/providers across international borders

Independent	Collaborative
Franchise programmes	Partnership programmes
International branch campus	Joint universities/colleges
Self-study distance education	Distance education with local academic partner

\* British Council "Transnational education: a classification framework and data collection guidelines", May 2017

## Fundamental aspects of TNE

### » Global teaching and learning

- › Achieving the highest levels of pedagogical impact in the classroom and beyond
  - Synchronous: new pedagogical models, experiential and location based learning, hands on fieldwork in different parts of the world; simultaneous T&L across time and space
  - Asynchronous: online learning, learning platforms

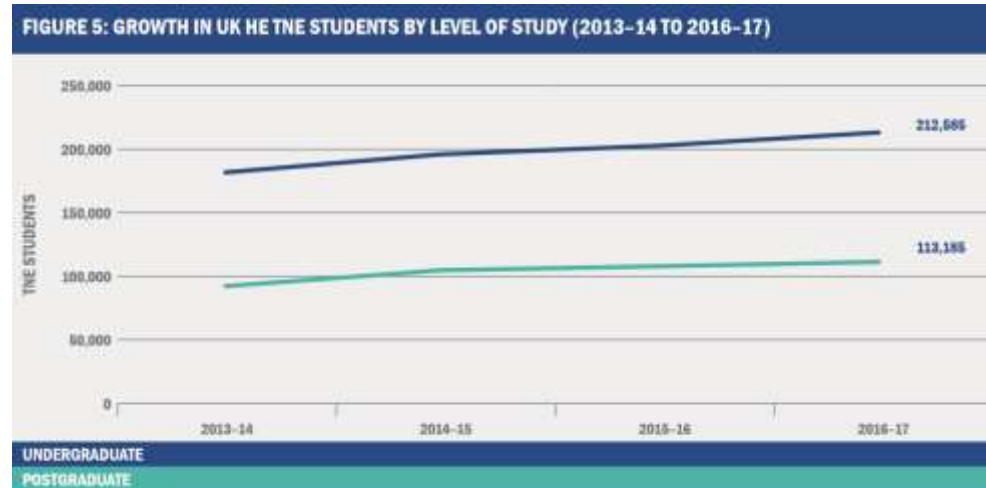

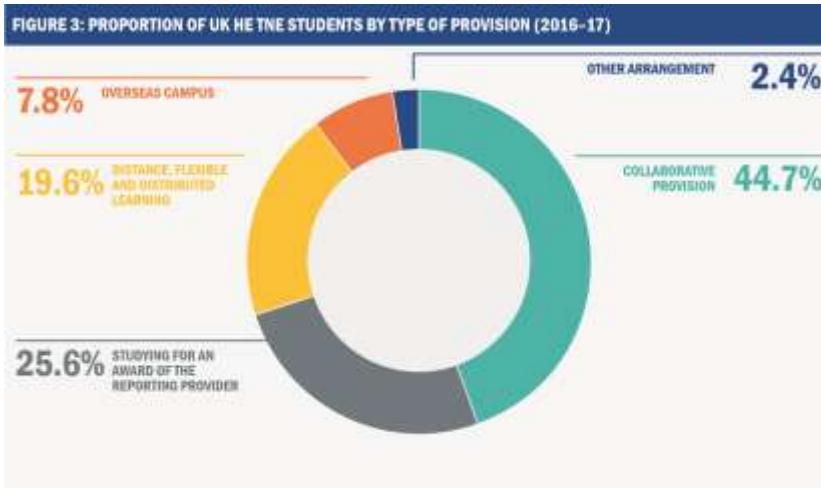

### » The global student

- › Supporting mobility on and off campus, in whichever country, learn collectively and opportunities to supplement and accentuate student experience

### » Global administration and support

- › Shared systems e.g. student records, examination and enrolment systems

# UK Facts and figures (HE)

## Countries hosting the most UK HE TNE students in the ME

RANK	2014-15	2015-16	NUMBER OF STUDENTS IN 2015-16	RANKING CHANGE FROM 2014-15 TO 2015-16
1	 Oman	 Oman	17,495	SAME
2	 United Arab Emirates	 United Arab Emirates	12,585	SAME
3	 Saudi Arabia	 Saudi Arabia	2,620	SAME
4	 Qatar	 Qatar	1,590	SAME
5	 Bahrain	 Bahrain	645	SAME
6	 Kuwait	 Kuwait	605	SAME
7	 Lebanon	 Lebanon	485	SAME
8	 Jordan	 Jordan	360	SAME
9	 Israel	 Iran	105	↑ UP 1
10	 Iran	 Israel	100	↓ DOWN 1

## Overview

- » Eleven UK Branch Campuses in Dubai:
  - › Strathclyde, Heriot-Watt, Middlesex, Manchester Business School, London Business School, Exeter, CASS Business School, Bradford, Bolton, Birmingham, [CIC]
- » All currently connected to local ISP's, Du and Etisalat
- » Two approached Jisc for new connectivity – growth in requirements, short and long term
- » Current local NREN arrangements (Ankabut):
  - › 155Mbps link via Internet2
  - › Open policy for connecting overseas R&E institutions
  - › Aspiration to be local hub
- » Multiple stakeholders: Jisc, Ankabut, GÉANT, Internet2, ASREN, Universities (UK and wider)
- » Five options for connectivity, short and long term
- » Jisc customers would like Jisc to be contracting agent

## Opportunities

- » Relationship building
- » Capacity building
  - › NREN growth
  - › New services
  - › Local/regional hub
- » Longer term planning
- » Facilitation role

## Challenges

- » Timeliness
- » Short term uncertainty
- » Accountability and track record
- » Business models and financial commitment

## GÉANT SIG-TNE

» Established GÉANT SIG (February 2017) for TNE led by Steering Committee:

- › CERNET (Wan Li)
- › GARR (Claudio Allocchio)
- › Internet2 (TBC)
- › Jisc (Esther Wilkinson, Chair)
- › SURFnet (Alexander van den Hil)
- › AARNET(TBC)

» SIG-TNE Wiki site -

<https://wiki.geant.org/display/TNE/SIG-TNE+Home>

» Challenge areas:

- › TNE data – regional, national and global
- › Global TNE policies
- › Technology barriers and TNE service development
- › Tools, toolkits and resources

» Key output '**NREN Resource Pack for TNE**' (Dec 2018)

» Sessions will be held at APAN (South Korea), Internet2 Global Summit (Washington) and TNC19 (Tallin) in 2019

## » Current TNE support

- › Jisc Global Connect and Global Partnership services
- › Establishing eduroam
- › Template SLAs, standard agreements, TNE registration forms
- › Overseas licensing (software, digital resources)
  - Jisc pilot project launched October 2017
- › Digital Student Insights Pilot
- › Case studies
- › HEI Tech Guide

## » Developing TNE services

- › 24/7 global support desk
- › E2E reporting
- › Digital capabilities
- › Cybersecurity
- › VLE review

## » Addressing evolving TNE challenges

- › Addressing concerns regarding impact of Chinese government policy on VPNs in China e.g. access to content on VLE's hosted overseas for teaching and learning

A close-up photograph of a hand holding a white business card. The hand is positioned at the top and bottom edges of the card, with fingers visible. The background is a blurred white and grey.
