# **ENABLING INTER-INSTITUTION SCIENTIFIC RESEARCH**

Research is no longer pouring  
over a book by yourself

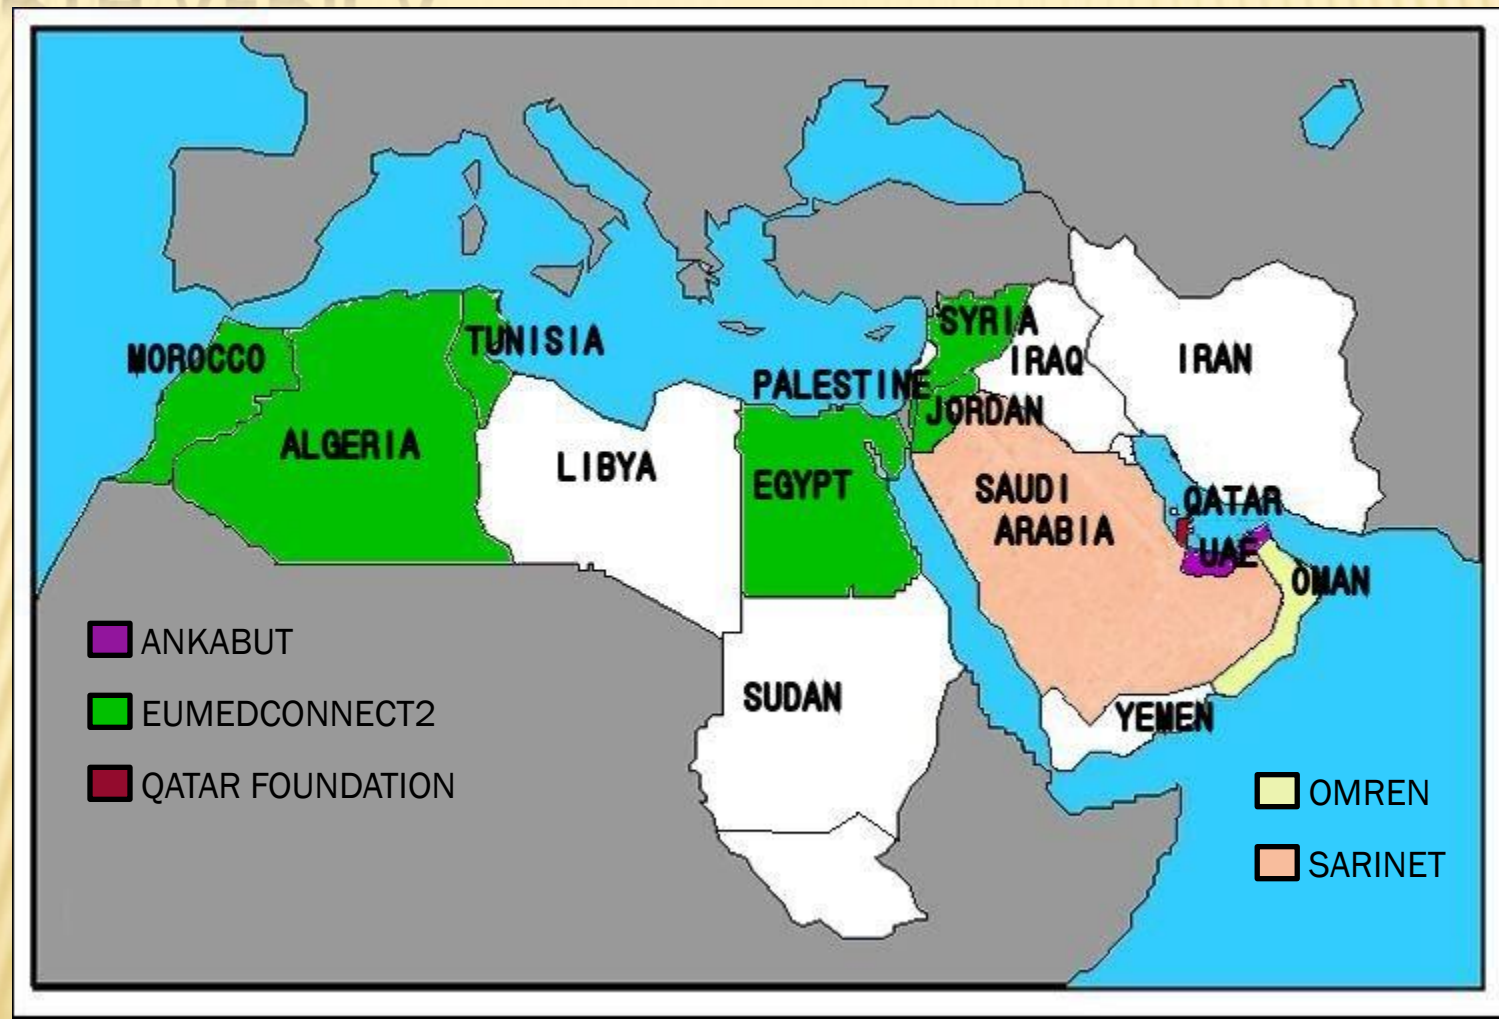

Or lonely gazing through a  
telescope

## ✘ Research is a web of collaborators

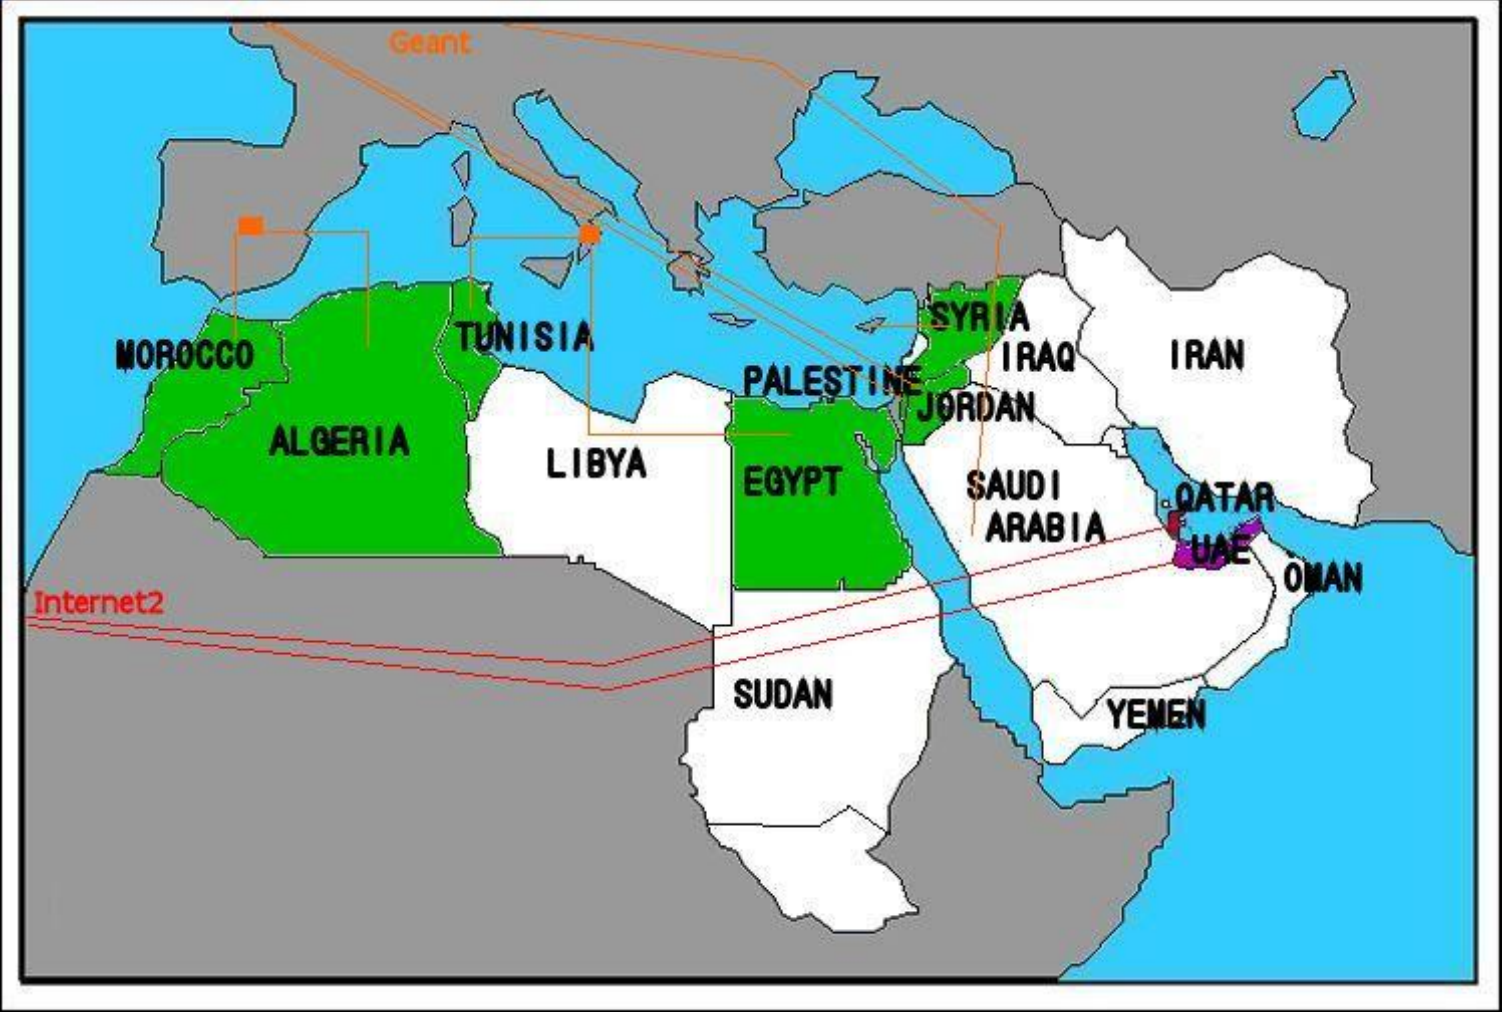

- + On the same campus
- + In the same city
- + Across the country / region
- + Around the world

# EXISTING NRENS IN THE MIDDLE EAST AND NORTH AFRICA

# PEERINGS WITH OTHER GLOBAL NRENS

- 
- ✘ No current regional connections
  - ✘ Action needed to join our networks together
