ASREN
Arab States Research and Education Network

Under the Patronage of His Highness
Sayyid Taimur Bin As'ad Al Said

e-AGE 2014

Muscat, Oman, 10-11 December, 2014

Hosted by The Research Council (TRC) - Oman

What is e-AGE all about?

Integrating Arab e-infrastructure in a Global Environment, e-AGE, is an annual international event organized by the *Arab States Research and Education Network, ASREN*. e-AGE is in line with ASREN's major objectives related to creating awareness, promoting R&E collaboration and joint activities and establishing human networks in order to facilitate collaboration and cooperation among researchers and academicians in the Arab region and the rest of the world.

e-AGE is meant to be the launching pad for R&E connectivity and cooperation. It brings together the stakeholders and the region's foremost innovators, leaders, scientists, and businesses to discuss and debate new models of innovation, integration of R&E networks, policies for sustainable development in education, means of knowledge sharing and dissemination, capacity building programs, and region-wide e- infrastructure deployment to tackle today's crises in climate change, global economy, food, water scarcity, alternative energy, and environmental issues.

In e-AGE 2014, we will focus on *Intercontinental Connectivity of the Pan Arab Network* as the main theme of the event. ASREN started concrete steps towards connecting researchers and academics across the Arab States by launching its first PoP in London Telicity and working with its partners on new PoPs in UAE, Egypt and the western part of the Arab Region. ASREN is also supporting the development of NRENs in many Arab countries. We will give special attention and more focus on users and how this e-Infrastructure can support their needs in terms of services and applications, on top of connectivity.

Exhibitors and Sponsors

During e-AGE 2014, exhibitors and sponsors representing leading Telecom, education, and ICT services providers and suppliers are invited to demonstrate their latest products and services. It will represent a central meeting point for participants and an opportunity to meet vendors and corporate institutions. e-AGE 2014 offers sponsorship packages at different levels with many benefits for a high profile recognition.

Topics

- Research collaboration in energy, environment, health, climate, water, agriculture, biology, economy, medicine and other pressing global issues and problems.
- Perspectives on NRENs, including challenges, operation, sustainability, funding, governance, business models, security and services.
- Access to research and education resources, repositories, libraries and contents, clouds, grids and HPCs.
- Connectivity options including technologies, services, cables, circuits and equipment.
- Internet developments and impact on R&E networks.
- e-Services like e-Science, e-Government, e-Libraries, e-Learning, e*...
- Virtual Research Environments, Science Gateways, Federation of Identities, eduroam, eduGAIN ...

Why to get involved?

e-AGE 2014 will provide leading international Education and ICT vendors, suppliers, and service providers with a great opportunity to establish valuable contacts with the local, regional, and international communities. Through sponsorship and exhibition, Sponsoring Vendors and Contributors will have the right connections and exposure to the emerging market of e-Infrastructure connectivity and applications in the Arab world. In the event, you will meet with ICT experts, policy and decision makers, heads of stakeholder institution and international organizations, experts of e-Infrastructure of the Euro-Mediterranean, Pan-Arab, Africa, Asia, and North American regions, academia and researchers, and high level representatives from the League of Arab States, UNESCO, UNDP, European Commission and USAID.

Extra Exposure

The sponsors for e-AGE 2014 will have the exposure to AROQA 6th annual conference entitled "Patterns of Education and Related Quality Standards" which is organized by the Arab Organization for Quality Assurance in Education (AROQA) For more information: <http://aroqa.org/articleCat/118/>.
